Musically inclined El Pasoans enJoyed a musical treat Tuesday aight in
the recital given by Miss Virginia L.
Bean, violinist, and Miss Ruth Mc
Cardy, planist, at the First Methodist
church. The program was exceptionally well chosen, the selections presented representing a wide range of
musical style, and having a most pleasing variety. Miss McCurdy, who returned earlier in the year from Germany, where she had been studying,
played with a fineness of feeling and
expression that made a most favorable
impression upon her hearers. Her
mustery of plane technique was excellent and yet with the true artistic instinct it did not dominate her expressive interpretations of the various selections she played. Her selections
were "To the Swring." "Poeme
Erotique," and "Anae's Ted" (from "Feer

Miss Virginia L. Bean, the violinist, was at her best and played in brilliant manner. Her execution was flawless, and she put a great amount of feeling and apinit into her interpretations, differentiating wonderfully in the handling of the various numbers on the program. She was encored repeatedly and received boquets. Among her numbers were Svendson's "Romance"; "Zapateado," by Sarasate; "Serenade," by India; "Norweigian Lullaby," by Nelson; "Serenade Badine," by Gabriel-Marie, Kriesler's "Tambourin Chinois" and "Shen Rommarin."

Mrs. V. L. Bean accompanied her daughter on the plano.

SUMMER EXCURSION RATES ARE HIGHER

Railronds Forced to Recoup From Such Reductions as Are Forced in Regular Rates by Eliminating Cheap Summer Rates. The effect of government rate regulation s noticeable in the summer excursion rates uncounced by the railroads from El Paso to California. In the past the roads have al-

California. In the past the roads have always put the rates into effect on the first of May, and the regular summer rate has been 346 for the round trip to Los Angeles and \$50 to San Francisco, with occasional dates when the rate was cut \$5 to each of these places.

Prior to three years ago special rates were given several times during the summer at \$10 for the round trip to Los Angeles. This year the first summer rates do not go into effect until the first of June and the cheapest rate offered for the summer is \$40 to Los Angeles and return and \$50 to San Francisco and return. Until these special rates are put into effect, the rate to Los Angeles and return is \$50 and to San Francisco and return it \$50.

The railroads explain that their regular freignit and pussenger rates have been so out by the interstate commerce commission that they cannot afford to put in the very low summer excursion rates that have formerly prevailed. Again "the peaple" are paying for "the people's" regulation of the railroads.
